

**SURFACE TRANSPORTATION BOARD  
WASHINGTON, DC 20423**

## **ENVIRONMENTAL ASSESSMENT**

**NO. AB-55(SUB-NO. 577X)**

**CSX Transportation, Inc.  
Petition for Exemption  
In Wayne County, Indiana**

### **BACKGROUND**

In this proceeding, CSX Transportation, Inc. (CSXT) has filed a petition under 49 U.S.C. 10502 seeking exemption from the requirements of 49 U.S.C. 10903 in connection with the abandonment of that portion of its Indianapolis Service Lane, Richmond Subdivision, extending between Milepost CI-61.90 and Milepost CI-63.21 at the end of track, a distance of approximately 1.31 miles, in Richmond, Wayne County, Indiana. A map depicting the rail line in relationship to the area served is appended to the report. If the exemption becomes effective, the railroad will be able to salvage track, ties and other railroad appurtenances, and to dispose of the right-of-way.

### **DESCRIPTION OF THE LINE**

CSXT states in its application that the three patrons on the line will continue to receive service via an interchange and switching agreement with Norfolk Southern Railway Company. CSXT further states that the purpose of the abandonment in downtown Richmond is to accommodate an Indiana DOT highway project in Richmond.

### **ENVIRONMENTAL REVIEW**

The railroad has submitted an environmental report that concludes the quality of the human environment will not be affected significantly as a result of the abandonment or any post-abandonment activities, including salvage and disposition of the right-of-way. The railroad has served the environmental report on a number of appropriate Federal, state, and local agencies as required by the Board's environmental rules at 49 CFR 1105.7(b). We have investigated and reviewed the record in this proceeding.

### **CONDITIONS**

We recommend that no environmental conditions be placed on any decision granting abandonment authority.

### **CONCLUSIONS**

Based on the information provided from all sources to date, we conclude that, as currently proposed, abandonment of the line will not significantly affect the quality of the human environment. Therefore, the environmental impact statement process is unnecessary.

Alternatives to the proposed abandonment would include denial (and therefore no change in operations), discontinuance of service without abandonment, and continued operation by another operator. In any of these cases, the existing quality of the human environment and energy consumption should not be affected.

## **PUBLIC USE**

Following abandonment and salvage of the rail line, the right-of-way may be suitable for other public use. A request containing the requisite four-part showing for imposition of a public use condition (49 CFR 1152.28) must be filed with the Board and served on the railroad within the time specified in the Federal Register notice.

## **TRAILS USE**

A request for a notice of interim trail use (NITU) is due to the Board, with a copy to the railroad, within 10 days of publication of the notice of the petition for exemption in the Federal Register. Nevertheless, the Board will accept late-filed requests as long as it retains jurisdiction to do so in a particular case. This request must comply with the Board's rules for use of rights-of-way as trails (49 CFR 1152.29).

## **PUBLIC ASSISTANCE**

The Board's Office of Public Services responds to questions regarding interim trail use, public use, and other reuse alternatives. You may contact the Office of Public Services directly at (202) 565-1592, or mail inquiries to Surface Transportation Board, Office of Public Services, Washington, DC 20423.

## **COMMENTS**

If you wish to file comments regarding this environmental assessment, you should send an **original and two copies** to Vernon A. Williams, Office of the Secretary, Washington, DC 20423, to the attention of Dana White, who prepared this environmental assessment. **Please refer to Docket No. AB- 55 (Sub No. 577X) in all correspondence addressed to the Board.** If you have questions regarding this environmental assessment, you should contact Dana White at (202) 565-1552.

Date made available to the public: **July 21, 2000.**  
**Comment due date: August 18, 2000. (30 Days)**

By the Board, Elaine K. Kaiser, Chief, Section of Environmental Analysis.

Vernon A. Williams  
Secretary
